Commission regulation (EU) 2017/460 of 16 March 2017 establishing a network code on harmonised transmission tariff structures for gas (hereinafter referred to as „TAR NC“)

Art. 29(a) of the TAR NC – Information for standard capacity products for firm capacity

i) The reserve prices applicable until at least the end of the gas year beginning after the annual yearly capacity auction

Reserve prices for yearly standard capacity products for calendar year 2023

Entry	Final reference prices (after secondary adjustment) [€/(MWh/day)/year]
Lanžhot	123.27
Baumgarten	123.27
Veľké Zlievce	123.27
Výrava	123.27
Exit	Final reference prices (after secondary adjustment) [€/(MWh/day)/year]
Lanžhot	171.53
Baumgarten	171.53
Veľké Zlievce	171.53
Výrava	171.53

Note: Tariffs for the year 2023 were escalated by 2.9% according to price decision No. 0040/2019/P of 29 May 2019.

Reserve prices for yearly standard capacity products for calendar year 2024

Entry	Final reference prices (after secondary adjustment) [€/(MWh/day)/year]
Lanžhot	134.61
Baumgarten	134.61
Veľké Zlievce	134.61
Výrava	134.61
Exit	Final reference prices (after secondary adjustment) [€/(MWh/day)/year]
Lanžhot	187.31
Baumgarten	187.31

Veľké Zlievce	187.31
Výrava	187.31

Note: Tariffs for 2024 were escalated by 9.2% according to price decision No. 0040/2019/P of 29 May 2019.

The final reference prices for the EU Interconnection Points[1], which will be also the reserve prices for the yearly standard capacity products for these points, have been set by the price decision of the Regulatory Office for Network Industries No. 0040/2019/P of 29 May 2019 valid for the period beginning on 01 January 2022. The Regulatory Office for Network Industries has set the final reference prices after application of the benchmarking for the year 2022 (point 4). For subsequent calendar years, the Regulatory Office for Network Industries has determined that the final reference prices after the benchmarking application will be adjusted by the index IR (t-2) – the inflation index in the European Union published by Eurostat, the item "HICP – annual average rate of change – European Union (annual average inflation rate-European Union)" valid in a calendar year (t-2) (point 11).

The full text of the respective decision of the Regulatory Office for Network Industries No. 0040/2019/P of 29 May 2019 is available on the website of the Regulatory Office for Network Industries in the section "Plynárenstvo >> Cenové rozhodnutia" and on the website of the transmission system operator eustream, a.s. in the section "Products and Services >> Download >> Prices and Tariffs" (please see the following links):
