

Request for gas transmission and access to the transmission network

Votrubova 11/A, 821 09 Bratislava, Slovak Republic

| I. Applicant's identification                     |     |    |  |
|---|-----|----|--|
| Company name (name of applicant)                  |     |    |  |
| Address   |     |    |  |
| Tax identification number                         |     |    |  |
| Bank correspondent                                |     |    |  |
| Contact person                                    |     |    |  |
| Position  |     |    |  |
| Telephone   |     |    |  |
| Fax   |     |    |  |
| E-mail  |     |    |  |
| Contact data for 24-hour connection with eustream |     |    |  |
| Possibility to provide an annual report           | yes | no |  |
| Possibility to provide audited economic results   | ves | no |  |

| II. Specification of transmission         |   |  |  |  |  |
|---|---|--|--|--|--|
| Entry point into the transmission network | Date of<br>transmission<br>commencement | Date of<br>transmission<br>termination |  | Maximum daily transmission capacity [MWh/o |  |
| 1.  |   |  |  |  |  |
| 2.  |   |  |  |  |  |
| 3.  |   |  |  |  |  |
|   |   |  |  |  |  |

| Pressure and gas quality at the entry point | pressure in MPa, basic chemical composition, dew point of water and hydrocarbons |
|---|--|
| 1.  |  |
| 2.  |  |
| 3.  |  |
|   |  |

| Exit point from the transmission network | transmission | Date of<br>transmission<br>termination | Maximum daily transmission capacity [MWh/day] |
|--|--------------|--|---|
| 1.                                       |              |  |   |
| 2.                                       |              |  |   |
| 3.                                       |              |  |   |

## III. Financial guarantee

What form of financial guarantee you prefer: bank guarantee cash collateral prepayment

## IV. Gas for operational needs

| How will you pay for Gron?                | in kind | money |  |
|---|---------|-------|--|
|   |         |       |  |
| V. Gas ownership                          |         |       |  |
| Origin of the natural gas                 |         |       |  |
| Company delivering gas to the entry point |         |       |  |
| Company offtaking gas from the exit point |         |       |  |

| VI. Documents proving a procurement of gas transport by the operators of connected networks       |     |    |  |  |  |
|---|-----|----|--|--|--|
| Transport to the entry point agreed by contract with network operator upstream to the entry point | yes | no |  |  |  |
| Transport from the exit point agreed by contract with network operator downstream the exit point  | yes | no |  |  |  |
| Possibility to submit other proving documents   | yes | no |  |  |  |
| 1.  |     |    |  |  |  |
| 2.  |     |    |  |  |  |
| 3   |     |    |  |  |  |

## VII. List of annexes

Hereinafter listed annexes form an integral part of Request for access to transmission network and for gas transmission:

1. For applicants registred in a companies register certificate stating the legal status of a firm (or a notarized copy) issued at the earliest 30 days before the day of request delivery. The applicant is obliged on a request to submit also an official translation of this document into Slovak language.

 For applicants registred in a trade register, not registred in a companies register, certificate stating the legal status of a firm (or a notarized copy) issued at the earliest 30 days before the day of request delivery. The applicant is obliged on a request to submit also an official translation of this document into Slovak language.

3. Document proving granting of a respective permission to conduct business in the energy industry in case that the applicant is a gas supplier or a network operator.

4. Document proving the applicant's ability to fulfil its financial obligations arising under the gas transmission contract.

5. Document proving procurement of prompt permanent communication with the transmission system operator by an electronic system compact with the system of eustream, a.s. for transmission management and a continuous operative communication system during the term of the transmission contract.

## VIII. Applicant's declaration

Applicant declares and confirms by his signing that he acquainted himself with a valid law governing natural gas transmission through eustream, a.s. transmission system and binds himself to fully respect the obligations specified in Operational order of eustream, a.s. as a transmission system operator...

In ..... Applicant's signature .....
