

I. Applicant's identification	
Business name	
Address	
Identification number	
Tax identification number	
Contact person	
Position	
Phone, Fax, E-mail	

II. Identification of future operator of the connecting device	
Business name	
Address	
Identification number	
Tax identification number	
Contact person	
Position	
Phone, Fax, E-mail	

III. Specification of connecting device	
3.1 Schema of connecting device	
Please, add the annexes here	
3.2 Address of connection site (city, street, registration no., cadaster area, land parcel no.)	
3.3 Address of connecting device (city, street, registration no., cadaster area, land parcel no.)	
3.4 Plan of connection site (scale 1:5000)	
Please, add the annexes here	
3.5 Requested method (technical parameters) of connection of the connecting device to the transmission network	
Please, add the annexes here	

Comment:
For items 3.1, 3.4 and 3.5 please attach separate annexes

IV. Estimated gas transmission through the connecting device

Year	Total gas quantity demand from transmission system per annum	Maximal gas quantity demand from transmission system per day	Minimal gas quantity demand from transmission system per day	Maximal gas quantity demand from transmission system per hour	Minimal gas quantity demand from transmission system per hour

Comment:
All data are listed in m³ (20°C, 101325 kPa) for relevant time unit (year, day, hour)

V. VI. Anticipated date of finalization of connecting device construction and beginning of its operation

Anticipated beginning of connecting device construction
Anticipated end of connecting device construction (including issuing of approval decree)
Anticipated date of connection to the transmission network
Anticipated beginning of connecting device operation

VI. List of annexes

Document proving granting of a respective permission/licence to conduct business in the energy industry, for future operator of the connecting device.
Certificate of compliance of investment project (connecting device) with long-term strategy of energy policy of the Slovak Republic, under § 12 of Act No. 251/2012, Coll.
Other documents:

Comment: listed annexes form an integral part of the Request for connection to the transmission network:

VII. Applicant's declaration

Applicant declares and confirms by his signing that he acquainted himself with a valid law governing, technical conditions and business information of connection to transmission network of eustream, a.s. and binds himself to fully respect the obligations specified in them.

In date Applicant's signature
