

Commission Regulation (EU) 2017/460 of 16 March 2017 establishing a network code on harmonised transmission tariff structures for gas (hereinafter referred to as „TAR NC“)

Art. 30(1)(a)(iii) of the TAR NC – Information on parameters used in the applied reference price methodology that are related to the technical characteristics of the transmission system

In line with the Article 30(1)(a)(iii) of the TAR NC the following information should be published:

„the quantity and the direction of the gas flow for entry and exit points and associated assumptions, such as demand and supply scenarios for the gas flow under peak conditions“

For the period beginning on 01 January 2023, the information under Art. 30(1)(a)(iii) of the TAR NC have been published under the price decision of the Regulatory Office for Network Industries No. 0040/2019/P as of 29 May 2019 (point 2). The full text of the above-mentioned price decision is available on the website of the Regulatory Office for Network Industries in the section "Plynárenstvo >> Cenové rozhodnutia" and on the website of the transmission system operator eustream, a.s. in the section "Products and Services >> Download >> Prices and Tariffs >> Price decision" (please see the following links):
