

Commission regulation (EU) 2017/460 of 16 March 2017 establishing a network code on harmonised transmission tariff structures for gas (hereinafter referred to as "TAR NC")

Art. 29(a) of the TAR NC – Information for standard capacity products for firm capacity

ii) The multipliers and seasonal factors applied to reserve prices for non-yearly standard capacity products

The multiplier levels applied to reserve prices for non-yearly standard capacity products for EU Interconnection Points¹:

Type of non-yearly standard capacity product	Multipliers
Quarterly standard capacity products	1.50
Monthly standard capacity products	1.50
Daily standard capacity products	2.993
Within-day standard capacity products	2.993

The seasonal factors for an access to the transmission network and gas transmission through the transmission system of eustream, a.s. have not been determined based on the respective decisions of the Regulatory Office for Network Industries.

The information under the Article 29(a)(ii) of the TAR NC have been set by the price decision of the Regulatory Office for Network Industries No. 0040/2019/P of 29 May 2019, valid also for the calendar year 2024, and by the price decision of the Regulatory Office for Network Industries No. 0001/2025/P of 05 June 2024, valid for period from 01.01.2025 till 31.12.2027, which amends the price decision No. 0040/2019/P of 29 May 2019.

The full text of the price decision of the Regulatory Office for Network Industries No. 0040/2019/P of 29 May 2019 and the price decision of the Regulatory Office for Network Industries No. 0001/2025/P of 05 June 2024 shall be available on the website of the Regulatory Office for Network Industries in the section "Plynárenstvo >> Cenové rozhodnutia" and on the website of the transmission system operator eustream, a.s. in the section "Products and Services >> Download >> Prices and Tariffs" (please see the following links):
